

College of Electronic Technology

Name	••••••	Group	N	iumber
Q1. Fill each	space with a	suitable word: (T	here are	extra words)
planes	travel	monitors	data	consumption
connected	airports	computers	display	
Airline pilots (use	to help then	n control	the
For example,		. display data abo	out the fu	el
and weather	conditions. Ir	n airport control	towers, c	omputers are used
to manage ra	dar systems a	ınd regulate air tı	affic. On	the ground, airlines
are	to the tr	avel agencies. Tr	avel agen	ts use computers to
find out abo	ut the availa	bility of flights,	prices, ti	mes, stopovers and
many other d	etails.			(10 marks)
Q2. Choose	the right ans	wer:		
1. Computers	help student	s to	mathem	natical operations.
a. perform		b. access		c. make
2. RAM capac	ity can be exp	panded by		
a. examining	instructions	b. adding extra	chips c	. sending out signals
3	i	nclude arrow key	s.	
a. Cursor cont	trol keys	b. Function key	'S C.	Numeric keypads
4. In banks, co	omputers are	used to	iı	nformation.
a. store		b. pay	C.	make

5. Dedicated keys are used to .	
a. record files b. represent letters	c. issue commands
	(10 marks)
Q3. Write down the full forms for the following	abbreviations:
1. ALU	
2. CPU	
3. GHz	
4. BIOS	
5. RAM	
	(15 marks)
Q4. Tick true () or false () in front of each se	ntence then correct the
false ones:	
1. An output device is used to enter information i	
2. The hard drives, DVD drives and flash drives ar	e storage devices. ()
3. Computers show the output on printers. ()
4. The motherboard is also called the CPU. ()
5. ROM is a non-volatile memory. ()	

(15 marks)

- 1. This is the device (which/who) controls everything.
- 2. She doesn't (like/likes) video games.
- 3. That is the programmer (which/who) designs the new software.
- 4. It (work/works) by detecting light from the computer screen.
- 5. An optical mouse (have/has) an optical sensor.
- 6. We are now (living/live) in the digital age.
- 7. (Is/Was) this device used to control the buttons?
- 8. Sara was (used /using) the ATM at that time.
- 9. I didn't (stored/store) the information.
- 10. This machine (didn't/doesn't) display data.

(10 marks)

(GOOD LUCK FOR ALL)
